

COMPILER DESIGN PRESENTATION DATES			
	Enrollment No	Topic Name	
26 th December 2023	2024CUKmr 08,19 ,29	Syntax directed translation	
27 th December 2023	2024CUKmr34,42	Postfix notation and translation	
28 th December 2023	2024CUKmr41 2024CUKmr 06 ,27 2024CUKmr28	Intermediate code generation 3 address code quadruple triples translation of assignment statements	
29 th December 2023	2024CUKmr21 2024CUKmr 10,39	Parse trees and Syntax trees Attribute Grammer	
30 th December 2023	Saturday	Saturday	
31 st December 2023	Sunday	Sunday	
1 st January 2024	2024CUKmr 04 2024CUKmr 31 2024CUKmr18,43	Translation with a top down parser Data structures for symbols table Post fix translation	
2 nd January 2024	2024CUKmr 36 ,40	Evaluation and flow of attribute in a syntax tree	
3 rd January 2024	2024CUKmr 17 26,37	Code improvement local global optimization	
4 th January 2024	2024CUKmr 05 2024CUKmr 04 2024CUKmr 12,22,24	Loop optimization Translation with a top down parser "Lexical Phase errors, syntactic phase errors semantic errors"	
5 th January 2024	2024CUKmr 35 2024CUKmr 09 2024CUKmr14	Parse trees and syntax trees Global optimization Memory allocation & scope;	
6 th January 2024	2024CUKmr02,32	Intermediate code	
7 th January 2024	Sunday	Sunday	
8 th January	2024CUKmr20	Loop optimisation	
9 th January 2024	2024CUKmr 11,13,16 2024CUKmr01,38	Error detection and recovery: lexical phase ,syntactic phase, semantic error Parameter passing and value return	
10 th January 2024	2024CUKmr33 2024CUKmr15	Run time environment Error detection and recovery
